NOTES AND PRECIS.

D.No. 2141 S.N. 87

According to the Register maintained in this office the balance available in the works allotment under 'Medical' is Rs. 33-4-9. The present estimate amounts to Rs. 701. It is presumed that funds to cover its cost will be available from savings in the estimates already sanctioned. The Ex. Engr. may be requested U.O. to confirm.

It is noticed from the estimate that old materials such as rafters reepers and tiles costing Rs. 91 will be available from the damaged roof. The Ex. Engr. may be requested to utilise these materials for the construction of the proposed lunch room for office. This will reduce the cost.

A sum of Rs. 500/- is available on the works already completed and more savings are also anticipated on the works under progress. It is therefore proposed to incur expenditure to the extent of grant available in the current year's provision and the balance from the provision for 1940-41. Please see copies of this office letters No. C.W. 351/39 dated 21-2-1940 (forwarding the estimate for the work in question) and No. C.W. 47/40 dated 13-2-1940 referred to in the former.

As regards utilising the old materials for the lunch-shed in the Residency Court and Offices, it is not possible at this stage to say what material if any will be usable from the dismantled roofs of the Sub Assistant Surgeon's Quarters.

Sir,

I have the honour to forward herewith five revised estimates, as noted below, for favour of sanction and return.

The excesses are due to larger quantities of materials issued during the year (1938-39) than were originally provided for in the estimates.

The expenditure in each case was incurred during 1938-39 and will not affect the current year's budget grant.

Subject:—

SIR,

I have the honour to forward herewith for favour of sanction and return an estimate for Rs.14/- received from the Executive Engineer, Civil and Military Station, Bangalore, for providing an electric drop light and a wall plug connection in the quarters of the Medical Officer in charge of Hajee Sir Ismail Sait's Gosha Hospital.

In the circumstances explained by the Executive Engineer in his letter No. 2237/39 dated the 5th February 1940, (copy enclosed) the expenditure can be met from the current year's grant under Account III - Medical - Hospitals and Dispensaries - A. 4 Works.

I have the honour to be,
Sir,
Your most obedient servant,

Lieut-Col. I.M.S.,
RESIDENCY SURGEON, BANGALORE.

Copy of letter No. 2237/39 dated the 5th February 1940, from the Executive Engineer, Civil and Military Station, Bangalore, to the Residency Surgeon, Bangalore.

Providing an electric drop light and a wall plug connection in the Quarters of the Medical Officer in charge of Hajee Sir Ismail Sait Gosha Hospital

With reference to your letter No. 3828/39 dated 18th December 1939, I have the honour to state that as required by the Conditions of the lease, the approval of the Municipal Commission was obtained for execution of the above work. Though the source of expenditure is not pointed out in the Commission's resolution, the cost of the work was debited to Miscellaneous advances as it was not a proper charge on the Municipal funds, this being an original work that would go to increase the capital cost of the building. The estimate for Rs.14/- herewith sent may therefore be countersigned and transmitted direct to the Secretary to the Hon'ble the Resident Bangalore for sanction and return. The work was completed as per. your requisition No. 5 dated the 5th October 1938.

As regards the other two works referred to in the letter, it is now reported that the Medical Officer is not anxious to have them completed at present. This may be considered later if necessary.
